Wolverines Score First Victory As Season Is Opened

Team To Travel To Fallon Friday For Clash With Wave

Head Coach Cal Farley, in his first year as Tahoe Truckee grid mentor, got the Wolverines off to an inspiring win last Saturday afternoon when the local boys upset Bishop Manogue Miners from Reno 13-0. It was the first football win over Manogue in seven years of intense rivalry.

A virtual cloudburst erupted in the second quarter and continued to hamper all offensive threats until well into the fourth quarter. Meanwhile Tahoe Truckee had struck for two quick touchdowns before the deluge came and played it close to the vest the rest of the way to decisively earn the victory.

Tahoe Truckee won the toss and elected to receive. After gaining three first downs Ed Hampton punted out of bounds on the Miner's nine yard line. On Manogue's first play from scrimmage the Wolverine line poured through and recovered a fumble on the Renoite's four yard line. However, Truckee was detected offside and Manogue got the first break of the ball game. The Miner's received a second break when a third down punt in the same series of downs was blocked by the Wolverines. but recovered by Manogue.

The Wolverines were not to be denied for long however as Manogue punted out to the fifty yard line on the fourth down. After running one play to the forty-five, quarterback Jerry Cinani detected the rigth offensive halfback coming up too fast, faked a hand-off off the left side, stepped back

Walker Again Is Spotter For Fire

Richard Walker, Nevada County sanitarian, again discovered a blaze last Friday at one o'clock. west of Tunnel 13, below the railroad tracks, according to Henry Toccalini of the Tahoe Forest Service. Walker discovered a similar blaze a few weeks ago and his report prevented a major fire.

The Southern Pacific fire train and employes gave able assistance to the forest service suppression crew in stopping the conflagration which burned rapidly over a half acre.

The next day at 10:30 a. m. logs on a truck driven by Bob Jones were burned at Horseshoe Bend on Cold Stream.

The brakes of the truck were reported to have lost power, the driver jumping free before the vehicle turned over. The fire resulting was confined to the cargo.

School Enrollment Continues Up As Count Hits 1512

Attendance at the schools in the Tahoe Truckee Unified District continues to mount as days pass, according to a report from Superintendent John Corbin, who said 1512 students were registered last Monday.

This marks an increase of 12 during the past week and is 200 above the registration mark a year ago. Every school in the district showed an increase with the exception of Donner Trail which showed a decline of two since school opened and two less than a year ago, with a total of 58.

The Kings Beach school with 291 enrolled is six over the opening day and 14 over the 1958-59 registration. Tahoe Lake had the same number as when school started but 113 over a year ago.

Truckee elementary had a total of 409 Monday which is an increase of five over the opening day and 104 over the 1958-59 enrollment. Much of this increase at both Tahoe and Trucke was due to the return of the seventh and eighth grades to the elementary schools and accounts for the drop at the high school which now has 365 enrolled compared to 507 last year.

Enrollment in all schools of the district is almost double the figures of 1957-58.

Signing Freeway Discussed In Meet

Blair Geddes, traffic engineer for the division of highways, Friday told a committee from the Truckee Donner Chamber of Commerce that he would do everything possible under state and federal regulations to meet local requests for a change in signing the new freeway through Truckee.

The group, including Supervisor H. G. Loehr, Reg Smart, Zeph Rose, Lee Apple, Rex Reid and Richard Joseph, met with Geddes at Smart's for the informal discussion.

Objection by chamber members was raised when it was learned that directional signs on the new freeway indicating turn off to Truckee were placed only at the McIver interchange and immediately east of town and did not include the area west of here which is rightfully a part of Truckee under federal census designation as well as geographically.

Geddes said that while the signs have been prepared, he will see to it that a turnoff sign is installed near the Donner Monument.

Loehr suggested that the signing program be carried out as originally planned and that changes then be made through resolutions by the board of supervisors to avoid confusion.

Some objection was also voiced regarding the naming of old Highway 40 as Emigrant Way. This name was selected by the board of supervisors after public notice had been given calling upon everyone interested to submit names for the road. It was necessary to change the name to provide the division of highways with a designation for construction purposes.

BEVERLY GUNKEL IS QUEEN OF AIRPORT

Miss Gunkel this week was scheduled to enroll in Chico State College having graduated last year from the Tahoe Truckee High School.

TEMPERATURE GOES BELOW FROST MARK

A 20 degree drop in temperature was reported by the Tahoe Forest Service for Monday night when 24 degrees was low as compared with 44 the previous night.

The week's high of 81 degrees was noted Saturday.

The rains that fell in the area on September 12 and 14 only resulted in .13 precipitation, not making any marked difference in the fire hazard in the forest.

Travel Continues To Mount Here As Truckee Is Leader

112,551 Vehicles Checked At Truckee Station In August

Truckee continued to retain its position as the foremost port of entry into California during August and went over the August figure of last year by approximately 6,000 vehicles, the monthly report from the department of agriculture revealed.

Last month Truckee exceeded Yermo, the second highest station, by nearly 7,000 cars, with a total of 107,271 automobiles, 4,271 trucks and 989 buses and a passenger count of 337,041. No other station on the California border reported half as much traffic as did Truckee. The count was 7,000 over the figure for July.

Last August Truckee reported 99,709 cars and for July this year the count was 101,835, indicating the fast increase in travel over Highway 40, even though the freeway is far from completed.

The count last month was by far the largest ever recorded for a month's period at the Truckee quarantine station.

At Meyers on Highway 50, 34,371 cars, 351 trucks and 85 buses were checked with a total passenger count of 85,928, the report shows. This was an increase of 1,000 over August of 1958 and a drop of 3,000 from the July count.

SUNBEAMS

By WALTER M. BARRETT

For the first time in its long history, Truckee next week will not have a main highway running along its main streets. However, the new freeway does not divert travel out of the immediate area, as many feared it would, but still provides easy access to the business sections. Whether motorists will take advtange of this easy access rests entirely with the town. We believe that eventually the community will be greatly benefited by the change as each year, even without the new highway, traffic increases by thousands of cars. Truckee is a historic community, it has much to offer the traveler and we must see to it that our advantages become better known. Motorists will stop and shop if they are made to feel welcome and are greeted with true Truckee hospitality. Our recreational assets must be protected and increased, our shops must continue to provide merchandise and service at reasonable prices and our cleanup, paintup program must not be allowed to stop for one minute. We have a good community, one which will attract, but it is up to everyone in the community to see that this attraction is worth the stop. We have no fear for the future of Truckee because of the change of the highway. We think it will continue to grow in a healthy way, but that's absolutely up to its residents and business people.

Armed Suspects In Reno Holdup Nabbed By Patrol

Gun, Money Recovered As Suspects Stopped On Summit

Two men charged with armed robbery of a service station at Second Street and Kietzke Lane in Reno at 8 a. m. Wednesday were apprehended near Donner Summit Lodge two hours later by Sergeant Frank Snyder and Patrolman Martin Sturcke of the California Highway Patrol.

The two, Robert G. McCarroll, 33, Cyrus, Minn., and Robert Dwinells, 27, Minneapolis, were said by officers to have admitted the robbery and a loaded .22 caliber revolver and $916.44 allegedly taken in the holdup were recovered from the vehicle.

The patrol was alerted by Robert Roth of the quarantine station who spotted a car resembling the one sought pass through the station. Sergeant Snyder joined Sturcke who was in the vicinity and the men offered no resistance when stopped.

"When I saw you following us, I knew we had had it." McCarroll, driver of the car, is quoted as saying.

The two waived extradition and were turned over to Nevada authorities yesterday.

Bechdolt Will Not Lease Tahoe Inn

The leasing of property at the Tahoe Inn, Tahoe City, for construction of a 50-unit motel has no bearing on the Tahoe Inn itself and the story to that effect published last week was emphatically denied by William Bechdolt, who said he will continue to operate the Inn together with the new motel units.

Bechdolt has affiliated with Travelogue Corporation, which is leasing the area for construction of the motel but will continue to have complete control of the popular resort establishment.

Terms of the lease were not revealed and figures quoted last week were not correct, Bechdolt declared.

"It is our intention to continue to manage the Tahoe Inn as well as the new motel when it is completed," Bechdolt declared. "We have no thought of leasing the premises and are expanding to meet the increased demands for this type of business in the North Tahoe area."

The popular Inn was established by Carl Bechdolt, Sr. many years ago and has continually been in the family since that time.

John Marin Dies In Car Accident; Bay Family Hurt

Truckee Resident Fatally Injured After Car Overturns

John Ortiz Marin, 32, son of Mr. and Mrs. Joe Marin of Truckee, and employed by the Granite Construction Company, was killed shortly after midnight today when his car got out of control near Flycasters and overturned. Marin was traveling east at the time. His father is foreman of the Truckee Southern Pacific section crew.

A family of six narrowly escaped death Sunday morning at 6:50 o'clock when a car driven by Henry D. Ford, 41, missed the bridge on the new freeway at Boca and plunged down a 350-foot embankment.

Injured seriously and taken to the Tahoe Forest Hospital by Truckee Ambulance were Ford, his wife, Mae Lois, 35, their children, Vendetta, 8, Henry D., Jr., 7, Hettie Louise, 5, and Donald W., 3, all of Oakland.

The family was traveling west and apparently Ford mistook a construction side road for a turnout or fell asleep at the wheel and drove more than 400 feet down the shoulder before plunging into the Truckee river canyon.

The car was virtually demolished but fortunately all members of the family are expected to recover.

In the only other reportable accident during the weekend, Anna Holbrook Clarke, San Francisco, was cited for following too closely after her car crashed into the rear of one driven by Walter Barrett of Truckee as they were coming down Donner Grade Saturday noon. No one was seriously injured.

Berliner To Head State Commission

The California Olympic Commission meeting in Sacramento Friday elected Harold Berliner of San Francisco, a member of the International Olympic Committee, as chairman to succeed the late Charles R. Blyth, who had headed the state agency since its inception in September, 1955.

At the same time, Governor Edmund G. Brown announced he had appointed Edward H. Heller, San Francisco financier. as a member of the five-man commission to fill the vacancy created by the death of Blyth.

Heller is a partner in Schwabacher and Company of San Francisco and a member of the board of regents of the University of California from 1942-58. Heller is a democrat and his appointment makes four democrats and one republican on the commission.

The commission, meeting in the department of finance offices, approved a contract with Union Oil to construct a service station on state controlled land in Squaw Valley, established rates for sewer connections into the state's system by churches and service stations and discussed with contractors and architects phases on the sewer disposal plant.

A. Andrew Hauk, vice chairman, presided until after the election of Berliner to head the group.

WEATHER

Oh yes, what a change on Sunday morning when quite a heavy shower hit the Kings Beach area. Although not too long it certainly settled the dust and gave us a fall feeling. This Monday morning we are still having little showers — everything looks so green and fresh.

CLOSING TIME

Many of the casinos have closed their doors. Well, many changes will be seen at the casinos and resorts at Crystal Bay. The North Shore Club and Monte Carlo are contemplating extreme alterations, the latter plans to open at New Year's.

FRESNO BOUND

Our young baseball hero, Craig Robinson, left after the game last Sunday night for Fresno where he will attend Fresno State College. We all wish you the best of luck, Craig, and happy birthday to you on Sept. 17.

Mr. and Mrs. Arthur Dibbern of Tahoe Vista spent a few days at their summer home here.

TO PRINCETON

Loma and John Moore after spending the summer here, left last Thursday for Princeton, New Jersey. Loma will go back to her job and John return to college. Alice and Andy Sorensen will surely miss them.

LIONS CLUB

The North Tahoe Lions Club wishes to thank all those who so greatly helped in the recent white cane day. Especially the Boy Scouts for their wonderful contribution of $107. Over three hundred dollars was collected. Maybe you read in the paper of the 'meanest thief' who stole a white cane box from the Crystal Bay Club, but was caught in the act.

TONSILS OUT

Frances Howard, daughter of Carol and Gene Howard underwent a tonsilectomy last week. She is back at schol at the Truckee high.

TO OPERA

Sam and Audrey Harrison with George Harrison went down to San Francisco last weekend to attend the opera.

BACK TO SCHOOL

Timmy Mizner and Davey Ashton are attending the University of Nevada. It is nice to have them close to home. They will work on weekends at the Stop 'N Shop market.

BEAUTIFUL WEDDING

A delightful wedding ceremony took place at my home last Saturday night when Charles J. Seifert of Mt. View, Santa Clara County took as his bride Lee Dixie Sorbi of San Francisco. A happier couple has seldom been the pleasure to perform the ceremony for. Many pictures were taken and they promised to spend Christmas in the Kings Beach area. The groom is an attorney from Mt. View and the witnesses were Dr. Charles W. Jeffries and Mary Wilhoit.

Fire Chief Al Henry and his crew were host to a meeting of the Placer County Fieremen's Assn. Sunday on Tahoe Commons. An all-day picnic affair, the firemen had a short business meeting and a demonstration of quick work in setting up pumps to fight fire took just 48 seconds. We admired the Tahoe City firehouse equipment shining in the late sun.

The Volunteers made an early morning Labor Lay call at Tahoe Marina where someone left a suitcase smack up against an electric heater. One truck from Tahoe City made a run to Kings Beach for a small fire that proved to be not serious. At a business meeting this week the Volunteers made plans for the coming year.

Biggest Tahoe news last weekend was the three-day gala to dedicate the Lake Tahoe Airport. "Miss Lake Tahoe Airport, Queen of America's All-Year Playground," was lovely Beverley Gunkel, of Tahoe Vista. The skies were thrumming with jets, sky divers, and helicopters. Crowned by singing star Anna Maria Alberghetti, Beverly also got a kiss from Dennis Day, master of ceremonies for the occasion. Some lake residents flew up for the "fly-in" breakfast.

Mrs. Ivy Browne of Tahoe City gave us the news that her son, Marvin A. Medonca, fireman, USN, will take part in a combined Navy-Marine Corps amphibious exercise in the Hawaiian Islands during late September while serving aboard the dock landing ship USS Monticello. Publicity chairman, Eunice Henrikson of the Federated Women's Club of Tahoe reports that at the Sept. 3 meeting in Kings Beach, a mock wedding was staged in honor of President Irene LaPire's wedding anniversary the day before. Gert Wilt was minister; Stella Watson, flower girl; Eunice Henrikson, matron of honor; Mrs. Pearl Snyder, father of the bride, complete with shotgun; Joann Ruhkala, bride; Irene Grahn, groom; best man Wilma Korich. Costumes matched the mood of the skit and "flowers" were selected vegetables and weeds. After a short business meeting, tickets were sold for a drawing at the next meeting to determine the lucky winner of a beautiful afghan made by Stella Watson. Guests were Mrs. P. Friday and Mrs. J. Brubaker.

Two club projects for this year are the purchase of a Penny Pine Plantation, to assist in the reforestation of burned over forest areas. They plan to purchase seedlings for about 6800 acres. The club will also sponsor a drive for clothing to help families of veterans hospitalized in Reno. The local stores will cooperate by placing convenient boxes for deposit of clean, usable clothing in good condition by those anxious to help those less fortunate than themselves. Look for the boxes and help the drive along.

Bill has worked at Bacchis, the Tahoe City golf club, Cal-Neva Lodge and lived in the lake area the past seven years. The smell and sound of frying chicken was an appetite tempter. To California...

a glass of beer is many things

Baseball's famous major league rivalry has won a place in California. And so, too, has beer.

Beer is most Californians' choice for light refreshment all season long—but more than that. To nearly 8,000 Californians in the Brewing Industry, beer means a good livelihood. And it's a strong factor in their state economy, too, which in 1958 received over $27 million in taxes from the Brewing Industry. *This is just one more reason why beer belongs to good California living.*

CAMERON SPEAKER AT ROTARY MEET

TAHOE CITY—Visiting Rotarians at Tahoe City Rotary Club luncheon meetings are becoming fewer and fewer as the summer vacation season comes to an end. The 30 to 40 visitors during the summer had dropped to 11 at the September 8 meeting with the usual 25 local members in attendance.

President Bill Bechdolt announced that soon the meetings will be changed to 7:15 dinner meetings when he will expect the 43 membership to attend. A number of the local members are either out of town or their business prohibits them from attending luncheon meetings.

Senator Ron Cameron, the luncheon guest of President Bechdolt, asked the cooperation of Lake Tahoe residents who have spare rooms to accommodate senators of California during the 1960 Winter Olympics. The senator said it will be a favor to him and, a friendly gesture to state senators if they can be housed as guests in private homes.

Guest speaker was John Latta, a Santa Rosa Rotarian and insurance adjuster. Latta spoke on the difficulty in making adjustments to the satisfaction of the insured who had suffered fire loss and, how incendiary fires by fraud often enters the invesigations for adjustment.

Latta said there had been much accomplished in fire prevention and in fire fighting equipment in recent years and that the emphasis in prevention and improved equipment began on October 9, 1871 following the Chicago fire the previous night. He called attention of fire prevention week beginning October 9 each year.

Prior to the Rotary Club meeting, the Tahoe City Volunteer Fire Department had sent invitations to all Placer County Fire Departments to attend a chicken dinner picnic on the Tahoe Commons on Sunday, September 13. In the afternoon there were demonstrations of rapid set up of portable pumps at the lake shore and discussions of best technique in various phases or types of fires to be extinguished.

It is amazing to observe, on the part of many who are in danger, the utter indifference or even hostility they display toward the warnings of would be rescuers. On the spiritual plain the parallel application is seen clearly in Jeremiah 6:16. Sunday's message is entitled: Finding Rest for the Soul."

Selections from "Science and Helath with Key to the Scriptures" by Mary Baker Eddy in the Lesson-Sermon entitled "Matter" will include the following (278:29-32): "We define matter as error, because it is the opposite of life, substance, and intelligence. Matter, with its mortality, cannot be substantial if Spirit is substantial and eternal."
The Golden Text is also from Psalms (81:9,10): "There shall no strange god be in thee; neither shalt thou worship any strange god. I am the Lord thy God, which brought thee out of the lane of Egypt."

DONNER DOINGS

BY VIRGINIA O' BEAR

In case you went out to Donner Lake Lodge last Saturday looking for the Swiss Wrestlers, you probably guessed that I got my dates mixed up and was a week ahead of myself! You probably had a good time out there anyway as the weather was nice and warm then. The wrestling is scheduled for this Saturday, September 19, so I hope to see you there.

* * *

A few mishaps were suffered the past weekend by some of the Donner small fry. Diane Pankoke was being instructed by her brother on how to keep out of the way of a football when he accidentally tripped her so she fell and broke her nose. My daughter Jennifer, was in physical education class at school when she was accidentally tripped and had two bad gashes in her knee. The wounds were full of gravel so we had a time for a few days soaking out all of the small pebbles. She is back in schol now as well as our son Mike who was out a few days with a cold.

* * *

I went out to feed our dog Tuesday morning and to give him fresh water. When I picked up his pan the water in it was a solid piece of ice! Poor old "Buster" knows that winter is just around the corner, too. He now sleeps on the front porch on a nice warm rug.... It's time to winterize!

* * *

Mr. and Mrs. Harrison Hughes, parents of Mrs. Spencer Richards, came up from Bloomington to visit for a few days. They enjoyed seeing their grandchildren as it has been a long time since the children visited them.

* * *

Mr. and Mrs. Edward McDonald of Los Angeles are visiting with Mr. and Mrs. Richard Walker. McDonald was in the same department with Dick when he worked for the Los Angeles City Health Department, before coming to Donner Lake.

* * *

Mrs. Dave Tremayne drove her daughter Sondra to Modesto last Saturday as Sondra will attend the Modesto Junior College. Sondra will be majoring in science as she plans to become a physical therapist. Another young lady, Clarita Richards, left with her mother to go back to Utah where she has been attending college for several years, now. Jay will leave sometime this week to make a trip to Utah to visit and bring back Mrs. Richards as Clarice and Clarita drove there in Clarita's car.

* * *

We had a lot of fun this week at our home. Our brother-in-law, Charlie Clark came up from Santa Rosa with his two children, Carol and BoBo. Carol had a lot of fun water skiing for the first time. She made it up on the skiis after the fourth try and I'd say that was good for a beginner. It wasn't long until she was saying, "there goes another skier." BoBo didn't make it up on the skiis but had a lot of fun trying. He did have fun riding the surf board. We couldn't get Charlie to try the skiis or surf board but we took him for a boat ride that he will never forget! The water was smooth at the west end but when we got down near the channel the wind came up and really churned the water. On the way home, we managed to get Charlie pretty wet as the water was coming over the windshield of the boat even at a slow speed. We made it home safely but it will be a while before I go into rough water again. If this weather keeps up, we will have to put the boat away anyway until next summer!

A very pleasant evening was spent at the home of Mrs. Richard Quist Monday night when ladies of the Donner Lake Volunteer Fire Department Auxiliary held a board meeting. Many interesting things were discussed to present at Thursday night dinner meeting to be held at Donner Lake Lodge at 7:30. All members are urged to attend so they can voice their opinions, ideas and suggestions for the benefit of the fire department and the auxiliary, concerning money-raising activities and just plain fun that will be held in the future. Come and bring a friend, if you cannot make it for dinner, join us for coffee and the meeting!

* * *

Mr. and Mrs. Roy Strobel are up now from Palo Alto and just completed all of the business transactions on their brand new ten unit motel sold to them by Carson White of Armstrong Realty, for the Charles Garayalde family of Healdsburg. The Garayaldes have returned to Healdsburg and the Strobels are busy furnishing the units and getting ready for business.

* * *

A meeting was held at the home of Fire Chief Emery Lander Tuesday night, when the volunteer firemen got together to go over plans for the new firehouse to be built soon. It takes a lot of time and planning to do things right and our firemen will come through with a firehouse that Donner Lake will be proud of!

ANTI-LITTER PLANS MADE BY CHAMBER

A full scale anti-litter program is being launched by the Placer County Chamber of Commerce this week in preparation of the 1960 Olympic Winter Games.

The drive, under the direction of Chairman Al Marino, is starting with the county-wide distribution of 130,000 litter-bags. This is part of the program which will be continued through next February to assist Placer County in creating a favorable impression on visitors to the VIII Olympic Winter Games at Squaw Valley.

Businesses throughout Placer County have purchased 112,000 of these litter-bags for use in their establishments as reminders to customers to keep our highways clean.

The remaining bags will be supplied by the chamber, free of charge, to the Truckee Inspection Station, the U. S. Forest Service, the California State Division of Forestry, the California State Division of Beaches and Parks for the parks at Folsom Lake and the Truckee-Tahoe area, the California State Highway Patrol, the Placer County Sheriff's Office, and the Placer County Health Department for distribution to campers, tourists, and motorists.

BY DONNA POWERS

BIG GAME HUNTERS

Friday a party of two, Wade Hampton, an employe of the Southern Pacific Railroad Company at Norden, and Herb Fredericks, owners of the Norden Store, left by automobile for Sellway, Idaho, where they plan to hunt elk. The party will be increased to four when they meet Hampton's brother and partner who are coming from Texas. Many weeks of planning have been done in preparation for the pack trip which will take them into the Sellway wilderness. A fifth member of the party will be the guide who will lead the group into the area where they will camp and hunt wild game. They will not only hunt elk but also deer. The Norden pair expect to arrive home September 26. For Fredricks this will be a much different trip from his previous trip this summer which he spent motoring through Germany and other parts of Europe with his wife.

HOUSE WARMING

Lynn and Susan Aro were the young hostess Saturday at the house warming in honor of their recently completed play house. The children will be missed by their classmates in the Donner Trail School.

SUMMIT SIT HELD

Mrs. Betty Board was hostess to the ladies attending Wednesday's meeting of the Summit Sit. Some had difficulty in locating the Board's Sugar Bowl home and walked some distance through a dry creek bed. The ladies of the Donner Summit area who attended the gathering were: Betty Aro, Olga Lyddane, Betty Hampton, Lola Schull, Dorothy Bacon, Kate Zoll, Gloria Reed, Donna Power, Barbara Zorich, Zona Madden, Mrs. Weiss, Frances Dragoo, Beverly Cardwell, and Adelle deRick. CONSTRUCTION ON MORE FREEWAY IS STARTED ON US 40

Construction started today on another section of four-lane divided freeway on U. S. Highway 40, it was announced by the state division of highways district office at Marysville.

The newest link in the growing U. S. 40 Freeway will extend from 0.8 mile west of Monte Vista, about 10 miles east of Colfax, to 0.7 miles east of Baxter, a total of 5.1 miles.

In addition to the concrete freeway, the project calls for construction of ramps, connections, frontage roads, and five reinforced concrete traffic structures.

The Madonna Construction Company of San Luis Obispo won the contract for the job last month with a low bid of $4,739,175.

Heavy equipment has been moved onto the site, and the initial phase of work will include clearing the new alignment and excavation at Towle Slide near the midpoint of the project.

No detours from the present road will be necessary during preliminary operations.

At its western terminus the new section will connect with the 4.5-mile freeway section opened to traffic last month. At its eastern end it will connect with a 7.9 mile freeway section currently under construction and about 30 per cent complete.

Including the present project, a total of 45 miles of four-lane divided freeway is under construction on the 120 miles of U. S. 40 between Sacramento and the Nevada border. Forty miles of freeway has been completed and opened to public travel plus 14 miles of four-lane expressway between Auburn and Illinoistown.

The remaining 21 miles, three sections in eastern Placer and Nevada Counties, await availability of federal monies or budgeting of funds by the Highway Commission.

The current project is expected to be completed during the 1961 construction season.

Dean S. Kelly is resident engineer representing the Division of Highways on the job with field offices on Dutch Flat, north of the Monte Vista Inn.

FIVE ARE INDUCTED AT REBEKAH MEET

By VIRGINIA O'BEAR

Naomi Rebekah Lodge No. 2 held their regular meeting last Wednesday night at the Independent Order of Odd Fellows Hall with Noble Grand Dorothy Slack presiding over the formal initiation.

New members to become Rebekahs are Muriel Lund, Claudia St. Claire. Marv King, Maureen Brown and Dorothy Stice. A surprise visit was made by Alice Stonesifer, from Sacramento, who came up especially to see her friend, Dorothy Stice, initiated into the Rebekahs. Another visitor was Lois Tackett.

Hostesses for the evening were Lona Boren, Lavina Rablin, Julie Davis and Ruth Gross. They served delicious refreshments in a beautifully decorated banquet room which was decorated with yellow and bronze daisies, following the conclusion of the impressive affair.

Plans were made during the meeting by some of the members to attend the school of instruction meeting to be held at Nevada City with the State President Helen McFarland, presiding. The event is scheduled for September 22 and some of the members of Naomi Rebekah Lodge No. 2 will take part in the meeting.

PLAN PICNIC

Final plans for a joint picnic to be held at the west end of Donner Lake on September 20, was announced. All Rebekahs and Odd Fellows are invited to attend with their families at 1 p. m. as a delicious steak barbecue will be served. The steak will be furnished by the Odd Fellows and the remaining menu will be furnished and served by the members of the Rebekahs.

There will be games available and fun for all so reserve Sunday, September 20 if you are a Rebekah or Odd Fellow.

WOLVERINES

Continued from Page One

and hit wingback Leroy Ryser with a perfect strike on the twenty. Ryser went the rest of the way standing up. Notley's conversion attempt was low and the Wolverines led 6-0.

After the ensuing kick-off Manogue was kept bottled up and had to punt from their own territory. Tahoe Truckee took over on their own forty and moved to another quick touchdown, mainly on wide stuff and quick thrusts by Randy Schultz, Bill Notley, and Sam Medford. Medford got the touchdown on a wide sweep around the right side from nine yards out led by beautiful downfield blocking. Sam also ran the extra point off the right tackle. The Wolverines had one more scoring opportunity late in the second period, after the rain came, but three consecutive penalties nullified the drive. At the intermission Manogue had only ten net yards from scrimmage as the Wolverine defense was outstanding.

The second half was purely a defensive battle on the rain soaked turf as neither team scored and the game ended 13-0. Tahoe Truckee muffed one apparent cinch six-pointer as they fumbled on the six inch line with first down and goal to go. Manogue had an apparent touchdown called back on a long pass when illegal linemen were detected down field from a spread formation.

From a statistics standpoint the Wolverines completely dominated play throughout the game, rolling up three hundred one net yards to the Miners forty-nine from scrimmage. Tahoe Truckee had eleven first downs to Manogue's three. Farley labeled the victory strictly a team effort, but specifically cited Captain Marty Kumle and defensive end Frank Cadjew for their defensive play and reserve center Reg Smart for outstanding play on offense. The local squad hopes to be at near full strength for this week's encounter as five starters did not play for various reasons Saturday.

This Friday night both the junior varsity and varsity will journey to Fallon for games with the Green Wave, starting at 5:30 and 7:30 respectively. It will mark the JV's initial effort under Coach Guy Wilson for the 1959 season.
